

7 REASONS WHY BUSINESS CLUBS MAKE BETTER BUSINESS SENSE

Too many businesses are squandering large sums of money and wasting time in unprofessional, noisy and expensive locations. Business clubs provide everything a small, medium or large business needs - without the overheads of a fixed office. A smarter way of doing business.

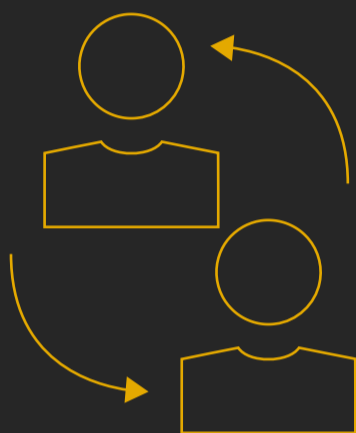

1 MEET. WORK. GROW.

Meet with clients, colleagues, suppliers, investors and partners in a buzzing professional business environment. Conduct your business, safe in the knowledge that you will always have a place to meet, work and grow.

2 FLEXIBILITY

Whether you require a spot to touchdown at between meetings, business clubs provide hot desks and dedicated desks dotted around the city. Allowing you to work where you want, when you want.

3 NETWORK & COLLABORATE

Join a network of hundreds of businesses of all shapes and sizes - a fantastic opportunity to connect with different industries beneficial to your business. Business clubs often host events with notable speakers, allowing members to gain exclusive insights from industry leaders. This is where business gets done and professional relationships grow and flourish.

4 INSPIRED DESIGN

Say goodbye to noisy, messy cafes, business clubs are designed with their members in mind. As such you can expect clean, hi-spec professional environments for meetings and presentations at the highest level. The design also breeds creativity, allowing members to think outside the box with smart breakout and brainstorming areas.

5 CUT COSTS

Research shows the average London-bound businessperson and entrepreneur spends £5,824 a year on taxis, coffee, snacks and newspapers just to pass time in between business meetings. Business club memberships are substantially cheaper per year, with many free perks, from WiFi to complimentary refreshments.

6 RECRUIT & RETAIN

Business clubs allow your growing business to recruit and retain the best staff by allowing them the freedom to work remotely in professional and productive environments, without the overheads of a conventional office space.

7 EVERYTHING UNDER ONE ROOF

Business clubs give you more for your money - showers, bike racks, lockers, charging stations, Macs, printing, phone booths, refreshments, couriers, concierge, WIFI, virtual office solutions - and more!
